PUBLISHED EVERY SUNDAY BY S.C. BAGO

Tombstone, Cochise County, Arizona.

ENTERED IN THE POST OFFICE AS SECOND-CLASS MATTER.

From Tuesday's Daily.

The red flag in front of Cahn's mean what they say.

District court opened in Tucson yesterday with a big docket.

Ed. Barker of Bisbee, made Tombstone a flying visit yesterday.

Lead was quoted at \$3.90 yesterday and is rapidly creeping up to its old figure.

A fine lot of choice mountain apple and pears were received at Wolcott's today.

Simon Daum, Chicago, the well-known clothing drummer is at the Palace.

W. F. Newell, San Francisco, representing the Selby Smelting Co is at the Palace.

Jacob Miller has come back to stay. He thinks Missouri does not hold a candle to Arizona.

Hay is selling for \$4 a ton in Phoenix, and barley is worth but 50 cents per hundred pounds.

The case of Emanuel vs. Reilly has been set for Thursday at 10 o'clock in Justice Koska's court.

The Tucson-Citizen is authority for the statement that the supreme court will convene on the first Monday in October.

The Rawhide ball team are anxious to play El Paso since their victory of Sunday last over the regular Tombstone nine.

If you are thinking of making any one a present, don't overlook Cohn's stock of elegant smokers articles, merchandise pipes and cutlery at half price.

Tom Harris and family, Wm. Tomlinson and wife and H. G. Howe and son were passengers on the incoming stages today.

Only one dentist, Dr. Farrington, of Vallejo, Cal., appeared before the Dental Board of Examiners for a certificate at their meeting in Tucson yesterday.

Robert Black, commonly known as "Arkansas" has returned to Lordsburg after having served a term in the penitentiary.

According to the report of a gentleman just returned from the World's Fair, Bisbee has already sent seventy-five persons there, with quite a number yet to go.

In Justice Duncan's court today the case of Watt & Lippert vs. the City was decided in favor of plaintiffs, the city's attorney, James Reilly, preferring to let it go without making a defense and taking an appeal to the district court.

Fred Heyne, government assayer, came up from Nogales on Sunday and remained over until today. He reports a number of mines in Sonora about to start up and smelter men thicker than hornets after the ore.

James M. Dodson of Prescott has put up a box of handsome ore specimens, also a very large Gila monster labelled 16 to 1, the whole a present to Senator Vest of Missouri, which will be taken to the Senator by a Prescott gentleman.

Dr. Hamilton will leave in a day or two for Los Angeles where he will make a short visit before returning to Tombstone. He will be accompanied on his return by Mrs. Hamilton and child. During his absence Dr. Jones of Bisbee will have charge of his office and practice.

The Santa Fe Co., will not lease one of their box cars for travelling purposes. The Tombstone party which had made up their minds to go to Chicago in one, receive this discouraging information today. They will however try to get a rate on a tourist car to enable them to make the trip.

OFFICIAL REPORT

Of the Board of Supervisors of Cochise County.

Sept. 11, 1893.

1:30 o'clock p. m.

Board met pursuant to adjournment.

Present—Chairman Perkins and Supervisor Nichols.

Minutes of previous minutes read and approved.

On motion the Board proceeded to fill vacancy in the Board caused by the resignation of Frank Hare, and notice was served on the probate judge to appear and take part in such election.

Residents of Hereford appeared in reference to the impassible condition of the ford across the river at Fairbank. The matter was referred to road overseer Platt to investigate and ascertain the probable amount of work and expense for repairs necessary, and report.

The probate judge appeared in answer to the notice of proposed election and filed the following notice, which was ordered spread upon the minutes:

Sept. 11, 1893.

GEFFELMEN:—In response to your notice to act with you in the appointment of a supervisor, I will state,

That, inasmuch as there is a question as to the legality of the personnel of the board of supervisors of Cochise county,

And as the matter to determine such legality is now pending before the supreme court for final adjudication, I feel impelled to defer action in the premises at this time.

Respectfully,

W. D. MONMONTIER,

Probate Judge.

C. S. Clark was placed in nomination for the office of supervisor of Cochise county, no other nominations being made, the roll was called and resulted: Yeas, Perkins and Nichols, Probate Judge Monmonier refusing to vote.

C. S. Clark was declared elected, and Clerk Hawke was instructed to notify him of such election and to file his bond according to law.

Board stood at recess until 4:30 o'clock p. m.

BISBEE ITEMS.

Walter Douglas left on Thursday for his home in the east.

Mr. C. L. Beckwith will leave on Monday for the World's Fair.

Mrs. Varnum is expected here shortly to join her husband.

Another cargo of lumber has arrived at Guaymas for the Copper Queen Co.

Mr. and Mrs. Chas. Clawson are expected back shortly from an extended visit to California.

Mr. Headley, who was for a long time in charge of the mines at Minas Prietas, is in town as a guest of Ben Williams.

A large number of cattle which were in the cattle yards below town belonging to the Butcher Co., broke out, and at last accounts were making toward the valley.

Owing to the low price of copper the Copper Queen Co., have found it necessary to reduce the wages, and hereafter men who have been receiving \$3.50 or over will be reduced 50c, and those under \$3 will be reduced 25c.

Filices, Itching Filices

Symptoms—Moisture intense itching and stinging, most at night; worse by scratching. If allowed to continue tumors form which often bleed and ulcerate becoming very sore. SWAYNE'S OINTMENT stops the itching and bleeding, heals ulceration and in most cases removes the tumors. At drug-gists or by mail for 60 cents Dr. Wayne & Son, Philadelphia.

A Silver Lining.

Rev. C. R. Nugent is in receipt of a private letter from Washington in which the following paragraph occurs:

"The advocates of silver in congress are making a manly fight for their rights, and will compel a compromise that will not only make working the mines pay but place silver on a par with gold. Persons employed in the service of the government were paid in gold the first of the month, for the good reason that there was no other kind of money in the treasury. But the press is silent on this. The agents of Wall street are in league with diabolus secundus."

The writer is a minister in Washington, a keen observer and critic.

Swinging Around the Circle

Of the diseases to which it is adapted with the best results. Hostetter's Stomach Bitters, a family medicine, comprehensive in its scope, has never been thrust upon public attention in the guise of a universal panacea for bodily ills. This claim, daily arrogated in the columns of the daily press by the proprietors of medicines far inferior to its specifics, has in a thousand instances disgusted the public in advance by its absurdity, and the prospects of other remedies of superior qualities have been handicapped by the pretensions of their worthless predecessors. But the American people know, because they have verified the fact by the most trying tests, that the Bitters possess the virtues of a real specific in cases of malarial fever and liver disorder, constipation, nervous, rheumatic, stomach and kidney trouble. What it does it does thoroughly, and mainly for this reason it is indorsed and recommended by hosts of respectable medical men.

That Judgment.

The judgment of the district court in the case of Bravin vs. City as signed by Judge Sloan reads as follows:

"That the defendant, Frank Ryan is not entitled to the office of assessor, ex-officio license tax collector, chief of police, health officer and street commissioner of the city of Tombstone. That the plaintiff George Bravin is entitled to said office of assessor etc., and that he be admitted into the same and to all the rights profits and emoluments thereof, and that said Bravin recover from said Ryan his costs and disbursements in this action."

Supervisors.

The Board spent the greater part of the day in examining and checking accounts presented for services performed prior to July 1st last but not acted upon.

The clerk presented the bond and oath of office of C. S. Clark to the probate judge, but he declined to approve it.

The Board passed a resolution not to allow payment for scalps of animals owing to the stringency of money.

The Board was divided into three committees of one each to look after affairs in as many different groups to hasten and simplify the business of the county.

The Board adjourned at 3:30 to visit the county hospital and make an examination of affairs there.

California

A Pioneer's Experience With Hood's Sarsaparilla.

"I am a pioneer in this county, having been here 25 years. Four years ago my little son Albert became blood-poisoned by impure Vienna vaccination. His arm swelled terribly, causing great agony; physicians said the arm must be amputated, and even then his recovery would be doubtful. One day I read about a blood purifier, new to me, and was surprised to learn that it was prepared by C. L. Hood, with whom I used to go to school in Chelsea, Vt. I decided to have my boy try Hood's Sarsaparilla, and was much gratified when it seemed to help him. He continued to grow better as we gave him the Sarsaparilla, and having used 3 bottles is now entirely cured. As Hood's Sarsaparilla has accomplished such wonderful results, I recommend it all I possibly can." JAMES M. STUART, Upper Lake, Lake Co., Cal.

The City Treasurer

Of Lowell, Mass., says: "This shows to me my brother, whose signature I recognized. I am also glad to testify to the excellence of Hood's Sarsaparilla, and to say that C. L. Hood & Co. are one of the most reliable firms in New England." VAN R. SCHAUN, City Treasurer, Lowell, Mass.

Hood's Sarsaparilla
